

**BROKK**<sup>®</sup>

# Breaking News

Issue March, 2006

**Distributor, Sales, Service, Parts & Rental for USA and Canada**

## Cover Story

### TID Demolition

**PROJECT:** Remove smoke stack at old VA Hospital, Salt Lake City, Utah  
**CONDITION:** Minimal dust and impact.  
**AREA:** Upper class residential.

**Option 1:** Knock down with an excavator  
**PROBLEM:** Dust on the very expensive homes in area = not acceptable.

**Option 2:** Demolish the smoke stack with jack hammers

**PROBLEM:** Expensive and very time consuming. Added work in terms of scaffolding the hole stack or rent a snorkel lift from Las Vegas. Nothing in the area would reach 100' in the air and no less than monthly rentals. Severe dangerous putting men on it due to falling debris and height .  
 Completion estimated at 10 working days.

**Solution** — **Brokk 180** mounted on a frame. A crane was used to lift the Brokk into position 100ft up in the air. The machine was then remotely operated 100ft away from a nearby roof top. Guy Zwahlen

“With Brokk, You Smoke the Competition”

explained, "It took a lot of preparation before the actual work began, but the job went better than expected using Brokk." In all it took TID 3 days to remove the brick from the smoke stack instead of 10 days. It significantly lowered cost and made us more money.

No dust, low impact = **happy neighbors and happy contractor.**

**Send us your Brokk case win a bucket!**

**Brokk Inc. is the only authorized distributor of Brokk equipment in North America**

**Sales, Service, Parts and Rental**

**No others, No confusion!**

## 2006 Trade Shows

- NADC ( Nashville, TN Mar 26-29)
- WOC (Las Vegas, Jan 17-20, 2006)  
 Always fun, always a lot of interest. More interest than ever this year, a lot of Canadian contractors. Always a pleasure to meet old customers.

## 2005 – One of the Best Brokk Years ever

In an effort to further strengthen our service and support Brokk hired Jonas In early 2006. As a full time field mechanic Jonas will

be serving customers throughout USA and Canada. Having a long history with Brokk in Europe and at the Brokk plant his reputation is one of the best in the industry. We are very happy to have him working with us.

*The name Brokk has been taken from the mythical figure Brokk, who forged a sword for Thor, the god of war, in the realm of the Norse gods. Brokk was small but very strong, just like our machines*
